

The Elizabeth Fry Society Of Greater Vancouver

April 13, 2011

Dear Christopher James,

I am writing this letter to offer my thanks and appreciation for coming into Burnaby Youth Custody Services and performing a full charitable show. It provided the youth endless entertainment and intrigue. Your magic show kept their attention from the very first trick for the entire length of the show. The youth were wide-eyed, their mouths would drop, and giggles ensued when they were stumped as to how you could read their minds, guess their card of choice, make money disappear and appear or levitate a table. They were honestly captivated.

It's a rare occurrence when all 60 youth and staff are quiet and interested in a common program. Your show had them glued to your every move and the youth were obsessed with figuring out how you pulled off your tricks. Including members from the audience was particularly wonderful and allowed the youth to feel a part of the show. It was also great to see their candid reactions on the stage. You made all the youth feel very comfortable with you and they enjoyed helping you perform. Your stage presence is amazing, you kept the youth engaged (which is a feat in itself), and made the show interactive and high energy. After speaking with the youth, it was clear that there wasn't one favorite trick, they enjoyed them all! They laughed; they were dumbfounded and were left puzzled at the tricks.

I would recommend Christopher James' Magic Show to anyone looking for constant suspense and entertainment. Christopher is a pleasure to work with and performs a show that holds the attention of everyone in the audience. We would definitely be interested in having Christopher return to the Centre again!

Sincerely,

Tina Krecsy
