### **LETTER OF APPRECIATION**

To,

Mr. Christopher James,

Techniche , the annual Techno-management festival of IIT Guwahati, in 2009 witnessed one of the most spectacular events, competitions, exhibition , lecture series, workshops and was indeed one scale of magnitude better than any previous festivals in the campus and was surely, one of the best Technical festivals in the country.

The memories of the fantastic three days of the festival culminated with a special magical treat from you. You went on to mesmerize the crowd and delight them with your magical tricks seen rarely before and also spread the word about the growing environmental concern. Your performance was indeed a treat to watch.

Team Techniche is really happy with your performance and wishes you all the very best in your future.

Sincerely,  
Abhishek Mishra,  
Convener,  
Techniche 2009
